SUBJECT: Meeting with HYNDOT 7 Aug 52

1. I met Hyndot at 12:45 at the Paramount Restaurant. His English is still poor and we always have trouble arranging even simple meetings. He was courteous and somewhat formal as usual.

2. I paid him \$100. - his July salary and he signed a receipt for it.

3. He was also given the MA 1618 number to call in future.

4. He was upset for two reasons. First, because he still does not have a job, and second, because his wife and child are still in California. I told him to bring the family here and we would see that they did not starve. No definite details were gone into although the possibility of a loan was mentioned.

5. Hyndot also wanted to know if we could recommend him for a job. His English is so poor that without a recommendation he gets no place. Both Balogh and Forsky are away, so they cannot support him. Balogh is at military summer camp and will be back next week. Forsky is on an eight week vacation.
